## CAST ON DEAL BEACH. CAPRIVI IS OUT. 13 INCHES OF SNOW.

The Big Ship Windermere Driven Bismarck's Successor Resigns the

Life-Savers Rescued Her Crew of 47 In Breeches Buoys.

She Is a New Steel 3000-Ton Clipper on Her Malden Voyage.

ASSURY PARE, N. J., March 18 .- The new English steel sailing ship Windermere, Capt. Findermere, is assure at Deal Beach, one

The huge four-master was discovered at 7 from Friedrickshain, where they had been to clock this morning by the old No. 6 Life- decorate the graves of the victims of the up-Saving crew, Capt. Lambert Edward. She signals of distress. She struck broadside on, with her nose pointing northward. The seas are sweeping over her.

The big ship lay in a very dangerous posttion, and on this account, and because of the up by the northwest wind, it was impossible It was then determined to use the life-lines

and breeches buoy, and while the apparatus was being made ready it was meeting of the Minister discovered that the vessel was the the Emperor presided. Windermere, which is known to have recently for this port, on her maiden voyage. ourse by the recent terrine storms.

and the wind was blowing a gale, the life-

also was the third and fourth. ever, one of the men grasped the line and made it fast to the masts of the wreck. Then the breeches buoy was slung. Two sallors succeeded in successfully strap-ping themselves to the buoy and, pulling themselves along, hand over hand, linsily succeeded in reaching the shore. But the labors of the brave rescuers were

But the labors of the brave reacters were only just begun.
On the decks and clinging to the rigging of the helpless snip could be seen the forms of forty-five more of the crew.
The two men who were rescued were so exhausted that no intelligent or coherent account of the wreck could be obtained from them.

While some of the life-savers set about to resuscitate them, the others cont work of saving those still on board.

wreck at Deal Beach.
The place is a graveyard for sea-going ves-

sels. The French shin L'Amerique was ashore there for a year. The Piliny was lost there.

There also the Underwriter was wrecked and many were drowned, Many other smaller craft have met a similar fate at Deal Meanth

slowly towards the beach.

The surf was still running very high and little hope was entertained that the tig slip could be saved. The Merritt Wrecking Company has sent down cables and wrecking apparatus by train and will send tugs as soon as the sea subsides.

The officers of the ship are: Capt. O. A. Windermere, of Tunbridge, Wales; First Mate, G. Barnard; Second Mate, F. Scott; Third Mate, F. Farsons; Fourth Mate, T. Richardson; Boatswain, Frank Weis ii; Boatswains Mate, Chas. Sloan; Carpenter, Mr. Jenkins; Carpenter's Mate, if. Grimths; Sallmaker, John Owens. The crew was supped at Crondon. Most of tem are mere lads, this being their maiden

oyage.
The Windermere experienced severe weather of Barnegat the ship took a pilet. When sandy Hook was reached, a strong gale was itowing, and owing to her light onlast, the ship refused to obey her helm. Then sie egan to drift down the coast, and at 3 A. M began to drift down the cossi, and at 3 A x she structs on the bar, not littly yards from the beach, and nearly on the spot where the New Era was wrecked in 1854 and over three hundred fives lost.

LATER.—At 1 o'clock this atternoon fill the crew had been gotten ashore by the breeches buoys, and the men are now being cared for at the life-saving station.

The Windermore is an English clipper ship of 3,275 tons. She was built of steel by T. Oswald and was launched at Milford Haven, Walter, in January last. she is 304 feet long, 42 feet 8 inches beam and 27 feet 5 inches in depth. Her loftlest spar is about 150 feet tall.

Her owners are Fisher & Spraut, of London, who also own the Elismere, Eusemore, Grassmere, Kentheret, Rydelmere and Thurimere, all big ps. She was bound for this port and was signed to Vernon H. Brown & Co., of 23 Beaver street. Here she was to take on beard 120,000 cases or 1,250,000 gallons of petroleum for Cal-

Forecaster Dunn Says that Much Fell Last Night.

Traffic on the L Roads and Surface Lines Delayed.

Good Sleighing in the Park and on the Boulevards.

Not since the memorable bilzzard of March. 1888, has New York experienced so heavy a showiall as that which enveloped the city with a white mantle when it awoke for business this morning. The snow in the upper wards was almost

knee deep when the day began. Pedestrians floundered and wallowed in it. The music of the street-car bell was but seldom heard, and the trestle of the Elevated ratiroads looked like great white snakes.

Trains were tow and far between, and those that came trundling along at small's pare made the structure creak. The puffy little locomotives could not draw more than four cars on any of the lines.

Cornices were capped with artistically beautiful mouldings of snow, and areas were filled with it. The goings to and fro of the busy people were almost noiseless. Every of purest white.

An army of snow-shovellers turned out early in the day, and began to gather in the shekels of otherwise busy people. The report that Count von Zedlitz-Trutzschler, snow from sidewalk and area was cleared away, and there rose low mountain ranges of by big Commissioner Tom Brennan and his

> the snow was being rapidly trampled by thousands of feet into disgusting slush. This did not help street-ear travel, for, despite the perseverance of the ten-horse sweepingmachines and the steaming teams of four horses, every car was late for the first half of the day.
>
> The Third avenue line "doubled" up all

The Fourth avenue, Avenue B and Broadway lines followed the same plan, and the broadway cars were far behind the schedule. FIFTEEN INCHES IN PEEKSKILL.

Saine.

Of course inquirers at the Manhattan Klevated Halifoad were informed that all trains were running on regular, time, but, as a matter of fact, there were but four cars to a team, and they ran so far apart that every station platform was thronged with impatiently waiting passengers. BAILROAD TRAFFIC ONLY SLIGHTLY IMPEDED.

He had frequently befriended the beggar, but this request was to importunate and the doctor refused him. Merrachki then deliberately pulled a pistol and shot the rabbt, infilting a serious, but not dangerous wound. Merachki fled. Ho was traced to Philadelphia and arrosted there last Saturday. He is now locked up at Police Headquarters.

Well-Known Detective Dead. By Associated Prince of the first Buffeld of the Associated hemorrhage. He had been a member of the force for over thirty years and was well known in other cities.

To Bring Navassa Under the Law. District Assembly 41, K. of L. has sent a memorial to Congress asking that the Island of Navassa be placed under l'inted States laws, in order to prevent private speculators from maltreating the lacorers employed in the phosphate mines of that island.

in from the West, North and East, that the storm has not caused any great delay in New York or New England.

Trainmen who came in on the different trains this morning attribute their good time to the fact that the show was light and dry and that there was no drifting. The pilots on the engines brushed it away without much trouble, the light quality of the show preventing its packing.

A passenger on the Chicaso Express told an Evrsing worth repetiter this morning that no show had fallen in the neighborhood of tree and Syracuse up to midaging that night, it was that hour when he retired, and there was no signs of a storm thee. So it is probawas no signs of a storm then. So it is proba-ble that the trains which arrived on time this morning did not get the full benefit of the

TELEGRAPHIC BUSINESS NOT DISTURBED.

Telegraphic business was not at all dis-urbed by the storm, and supt. Humstone befully reported that every wire was in Thomas S. Brennan, Commissioner of Street

Cleaning, arrived at his office in the Stewart building at 10 oclock this morning. The first thing he did was to summon stapt. Hobeing thing he did was to summon stapt. Hobeing at work a force of snow-cleaners. The Commissioner said:

"It is useless to make any attempt to remove the snow during business hours, but just as soon as the rush of traffic causes a force of men and carts will be put at work on fivoadway, and the snow on that thorough fare will be removed from the Battery as far north as it is possible to push the work.

"Men and carts will also be put at work on the traffic sheading to the ferries downlown. In the mean time the full force of regular.
